VOL. XXII, NO. 274 GAINESVILLE, FLORIDA, SUNDAY, DECEMBER 24, 1905 TEN CENTS A WEEK

PROFITS WERE USED TO CONCEAL LOSSES

So Testified Superintendent Of Insurance Department.

REPORTS WERE INQUIRED INTO

It Was the Custom to Reduce the Book Values of Real Estate and Charge Reduction to Profit and Loss—Other Facts as Testified.

New York, Dec. 23.—Stephen M. Smith, second assistant treasurer of the Mutual Life, was called as the first witness before the insurance committee today.

Before the session began it was learned that former Superintendent of Insurance Louis F. Payn would testify some day next week. Mr. Smith produced a statement of the net profits of the company from the sale of securities in the past ten years up to Sept. 30, 1905. This showed a net credit to the profit and loss account of $12,826,429, exclusive of $500,000 of International Mercantile Marine bonds that were marketed off the book in 1903.

Charles F. Preller, auditor of the Mutual, testified that he received the quarterly reports of those reports to the treasurer, and said it was the custom to credit profits and charge losses on securities to the profit and loss account. It was the custom to reduce the book values of real estate and charge the reduction to profit and loss by instruction of the president or vice president. The figures of the net profit were annually submitted to the president or vice president who would instruct what adjustment of the account should be made.

In 1904 there was a net profit from the sale of securities of $1,036,410 and at the end of the year by adjustment there was charged off $1,047,645, so that when the account was closed there was no profit shown from the sale of the securities, the book value of real estate being reduced so that all profit was offset.

A number of the reports of the net credit to profit and loss by the sale of securities of other years were inquired into by Mr. Hughes.

Superintendent Hendricks and Chief Examiner Vanderpool of the insurance department, testified yesterday that they had never heard that the profits of the Mutual Life were greater than reported, and that the profits had been used to conceal losses.

This line of inquiry was taken today to bring out how this manipulation of figures was carried out.

Important Supreme Court Ruling.

Columbus, O., Dec. 23.—The supeme court today handed down one of the most important rulings in the history of Ohio criminal law holding in substance that the state has the same right to a change of venue as the accused. The matter came up from Madison county on the application of Attorney General Ellis for an order compelling Judge Durflinger to grant the state a change of venue in the case of the state versus McCartney charged with murder.

Son's Disgrace Caused Suicide.

Dallas, Tex., Dec. 23.—W. G. Mahaffey, a prominent and well to do citizen, of this place, has committed suicide by tying a wire around his neck attached to his leg and jumping head foremost into a well. He is te father of B. C. Mahaffey, who was dismissed from West Point several years ago. Mahaffey made an earnest effort to have his son reinstated and the last two years has been devoted to this cause, and his immediate friends are of the opinion that this bore heavily on his mind.

German Students Elected Officers.

New York, Dec. 23.—At the annual meeting of the society of former German university students held in this city yesterday Dr. Hugo Switzer was elected president and Dr. Carl Beck, the retiring head, was chosen honorary president. The announcement was made that Prince Henry, of Prussia, had accepted election as honorary member. Dr. George Wheeler Hinman, of Chicago, was elected to membership in the society.

STATE BOARD LOSES SUIT.

Supreme Court Decides Quarantine Case on Technicality.

Atlanta, Dec. 23.—Because the injunction suit brought by the state board of health against the Atlanta board of health to prevent interference by the latter with the state quarantine regulations during the recent yellow fever epidemic, was brought in the name of the state board and its members, the supreme court of Georgia reversed the decision of Fulton superior court in granting the injunction prayed for.

The time has, of course, passed when the decision can affect the situation one way or another, because the state quarantine was declared off with advent of cold weather, but the decision will be of wide interest on acount of the fact that while it is an apparent victory for the Atlanta board of health, it really leaves the situation just where it stood before the suit for injunction was filed.

In other words, the supreme court did not go into the merits of the case; it did not decide wether or not the city boards of health must respect the regulations of the state board; the court merely said the sate board of health and its individual members had no right to bring suit as such, because the state board of health is not a corporation and the power to sue was not given it by the legislature by which it was created.

GIVEN DEATH SENTENCE.

Was Found Guilty of Assault on Circumstantial Evidence.

San Antonio, Tex., Dec. 23.—George H. Turner, whose execution is set for this afternoon, was convicted of the murder of Mrs. Elizabeth Lynch, which occurred last March.

Mrs. Lynch was alone at home in the outskirts of the city when she was assaulted and her throat cut open.

Her screams attracted the neighbors, but when they arrived her lifeless body was found in a pool of blood.

Turner was arrested, and the circumstantial evidence was such that a jury found him guilty of murder in the first degree, and he was sentenced to be hanged today.

Turner has steadfastly asserted that he is innocent of the crime.

AMERICA WOULD NOT INTERVENE

Was the Cause of the Suicide of a Korean Minister.

Victoria, Dec. 23.—Advices were received by the steamer Tremont that Min Yong Whan, the Korean minister who committed suicide when the treaty with Japan was signed, did so because America would not intervene. He left a letter to this effect. When his body was carried to a residence his mother took poison and died.

Cho Piong Sik also poisoned himself with opium when in his chair in the streets.

An uprising took place in South Korea not far from Fusan, but it was soon quelled by Japanese troops.

A state funeral was ordered for the suicides and a posthumous title of "True Patriots" given them.

The little boy was 5 years old.

THORNS IN SIDES OF STRIKE LEADERS

Many Railroad Employes Fail To Obey Strike Order.

MARTIAL LAW IS DECLARED

Temporary Military Governors Have Been Appointed and Civil Law Has For the Time Been Suspended—A Few Committeemen Arrested.

St. Petersburg, Dec. 22—3:40 a. m.—The failure of many of the railroad employes in St Petersburg to obey the strike order and the ability of M. Nemechaieff, minister of communications to move trains on all the roads except the Baltic roads are thorns in the sides of the srike leaders.

The fiat went forth at last night's meeting of the workmen's council that traffic must be interrupted at all costs though this admittedly will be difficult on the Nicholas road to Moscow.

Trains are running with their ordinary crews on this line, but all the trains are heavily guarded.

The delegates will try moral suasion with the faithful employes but it is feared they will also resort to destroying the bridges along the roads.

The government has succeeded in arresting practically all the members of the strike and railroad committees.

Martial Law Declared.

Warsaw, Russian Poland, Dec. 23—A proclamation of the governor general was gazetted heretoday establishing martial law in all of the ten governments of Russian Poland and appointing ten temporary military governors general.

Atlanta, Dec. 23—The eightieth bank for 1905 has been chartered by Secretary of State Philip Cook. It was the Farmers' Bank of Adrian, Emanuel county, which starts business with a capital stock of $25,000.

There were only thirty-one banks charted in 1904, which was the record year heretofore.

The secretary of state also granted an amendment to the charter of the Citizen's bank of Hazlehurst, permitting it to increase its capital stock from $25,000 to $50,000.

Wickes Given One Year.

New York, Dec. 23—Thomas Parmless Wickes, the lawyer who was convicted of attempted blackmail by means of the "Lewis-Jarvis" letters, was sentenced to one year in the penitentiary. The charge on which Wickes was convicted was that he wrote a threatening letter to a person interested in a case in which he was engaged as attorney. This letter suggested a settlement of the case and was signed "Lewis Jarvis."

Mark Twain Entertained.

New York, Dec. 23.—Mark Twain was the guest of honor at the monthly dinner at the Society of Illustrators last night in the rooms of the Aldine association. Andrew Carnegie occupied the place of honor at the right of Dan Beard, president of the board and toastmaster.

WOULD DEEPEN THE SAVANNAH.

Senator Clay Asks Ten Thousand Dollars for Preliminary Survey.

Washington, Dec. 23.—Senator Clay has introduced a joint resolution providing for a preliminary survey of the Savannah river from Savannah to St. Petersburg, above Augusta. An appropriation of $10,000 is authorized to carry out the provisions of the resolution.

In presenting this resolution Senator Clay said he is acting in accord with a petition by the joint convention of the chambers of commerce of Savannah, Augusta and Charleston.

The project contemplated involves a large expenditure of money for the improvement of the Savannah river and as there is little prospect of the passage of a general bill regarding rivers and harbors during the present session, the preliminary survey will have to be specially provided for by a joint resolution.

MAY GO TO ATLANTA.

Mrs. Chadwick May Be Sent to Federal Prison at That Place.

Cleveland, O., Dec. 23—Mrs. Cassie Chadwick, the feminine frenzied financier, who was recently convicted and sentenced to the penitentiary for taking undue liberties with various banks, may come to Atlanta shortly.

Should she so decide, the federal prison will be her stopping place while in that city.

It is understood that Mrs. Chadwick has about given up all hope of securing her freedom, and has made up her mind to begin serving the sentence imposed by the court.

She will be sent either to the Fort Leavenworth, Kans., prison or to the one in Atlanta, with the chances in favor of Atlanta.

Her case attracted national attention during the trial and involved many prominent people.

ERRING WIFE RETURNS HOME.

Mrs. Granovitch Says Teitlebaum Hypnotized Her.

Atlanta, Dec. 23—Mrs. Sophia Granovitch, who left the city with Henry Teitlebaum about ten days ago, has returned home, and is now with her family. Teitlebaum would not return from Norfolk, where he and Mrs. Granovitch were arrested.

Officer Howell, who went to Norfolk with Mr. Granovitch, states that Teitlebaum refused to return, and under the laws of Virginia he could not be forced to do so.

Mrs. Granovitch says the reason she went away with Teitlebaum was because the man hypnotized her, and she could not resist the power he wielded over her.

DOZENS OF WORKMEN MARCHED TO PRISON

COSSACKS DISPERSE STRIKERS

Strike Closes Stores, Causes Imperial Bank to Fail and Has Ceased All Traffic—Electric Light Workers Strike, Leaving City in Darkness.

St. Petersburg, Dec. 23—The workmen of two of the three electric light plants struck yesterday evening and consequently the streets in the major portion of the city were in darkness through the night, the inhabitants being compelled to fall back on candles and kerosene.

The searchlight, mounted on the spire of the Admiralty building, again vividly illuminated the Nevsky prospect, as it did during the October strike, cavalry and infantry patrols guarding every block and machine guns were stationed at several points.

During a tour of the city a correspondent saw dozens of workmen between soldiers with fixed bayonets being marched off to prison.

A cache of arms and hand bombs was found near the Schlusserburg avenue yesterday, and a crowd of a thousand strikers of the Nevsky works was charged and dispersed by Cossacks, who used the flats of their swords and whips, but no one was seriously injured.

Sent to Home for Old People.

Madison, Wis., Dec. 23.—In lonely old age, William H. Taylor, governor of Wisconsin from 1874 to 1876, went to live hereafter at the Old People's Home, established by John A. Johnson, near this city. Mr. Taylor's administration was a stormy one during the Grange movement, when laws for railway regulation, much like those enacted during Governor LaFollette's administration, were placed on the statute books, but were repealed by the next legislature. In a notable fight before the supreme court, Governor Taylor established the right of the state to refute corporations. Since leaving the governorship he has lived quietly on a farm 10 miles from Madison.

Anti-Trust Proceedings Stopped.

New York, Dec. 23.—The legal proceedings against the so-called "theatrical trust," which were instituted two days ago by several theatrical managers, were abruptly stopped by an alternative writ of prohibition. ON BED OF SICKNESS WOMAN WEDS MAN

A Pretty Example of Love and Confidence of the Modern Day.

WAS A VERY TOUCHING SCENE

Matrimonial Ceremony Was Performed by Rev. S. B. Rogers, and Bride Told Him She Either Wanted to Live or Die as Mrs. Whiting.

With a heart full of love and fervor and sincerity, a wedding was solemnized near this city Saturday morning which effected strong passions, and which went to show the depth of a woman's love.

The contracting parties in this case were J. A. Whiting of this city and Miss Ruth Beville, who, since a child, has resided at the home of her mother near Sugar Foot Prairie. These young people have been for years lovers, and naturally were very fond of one another. They have thought of marrying upon two or three occasions, but for reasons best known to themselves have postponed the solemn ceremony.

For the past few days, however, Miss Beville has been quite ill, and, true to her devotion to the man of her choice, when she realized that her condition was serious, she summoned him, the linense was issued, and the sacred matrimonal vow was made at the bedside of the young lady, who was too ill to rise, Saturday morning. The ceremony was performed by Rev. S. B. Rogers of the First Baptist Church, this city, and was very impressive.

"I love Mr. Whiting," the bride said, as she reposed in bed, "and to show that I love him, I am willing to take the marriage vow while I am ill, and do not know whether I will ever get up again. I will be happy when I know that if I have to die I will die as his true and faithful wife, and if I live we will be happy together, for I have proved to him that I loved him."

While the condition or the young lady at this time is serious, it is to be hoped that she will recover, and will have the pleasure and conscience of living as the true and active wife of the man of her choice.

RELIEVED HIM OF TURKEYS.

J. H. Truby Lost Sixteen Fine Birds Friday Night.

J. H. Truby, the grocer, has been "laying up" a supply of fine turkeys for his Christmas trade, and last Friday night some miscreant entered his fowl house and relieved him of sixteen.

Naturally Mr. Truby felt very much provoked upon the discovery of his loss Saturday morning, as much for the fact that turkeys are scarce as for the loss, as he does not appreciate the idea of disappointing those customers who have made their orders.

Prof. McIntosh Here.

Among the prominent visitors to this city yesterday was Prof. M. C. McIntosh of Tallahassee, chief clerk in the office of State Superintendent W. M. Holloway, who came to spend the holidays with relatives and friends. He left in the afternoon for his home at Rex. Prof. McIntosh, calling Alachua county his home, is naturally elated over the success of the Buckman bill, which made Gainesville in fact the home of the University of Florida. "I feel sure that the people of Gainesville are equal to the occasion," he said, "and will see that everything goes right, and that the University will be a success, for no better people ever lived than those who make up the population of Gainesville."

Meeting School Board.

An adjourned meeting of the Board of Public Instruction was held in the office of Superintendent J. L. Kelley Saturday, which was called for the purpose of paying off the teachers for the holidays. All vouchers were properly endorsed, and the teachers were paid in full for the month of December.

Another important feature of the meeting was the order of relief or State aid for the Gainesville, High Springs, Alachua and Micanopy schools, which was overlooked at the last meeting of the board by the principals of these schools, who should have filed their reports at the regular December meeting.

LUKINS MILL WILL GET TO BUSINESS

The Tilghman Company Will Make Big Thing of Venture.

TIMBER SUPPLY IS LARGE

Steam Was Turned on to Plant for First Time Since it Was Overhauled and Machinery Worked Nicely—Fine Plant With Large Capacity.

Among the visitors to Gainesville Saturday was Wm. G. Tilghman of Palatka, a member of the firm of the Tilghman Cypress Company, which recently purchased the sawmill plant and timber interests of the Lukins Gulf Cypress Company, at Lukins, near Cedar Key.

Mr. Tilghman states that, after several weeks' work in overhauling the plant and placing of new machinery, steam was turned on for the first time this week, and the plant was found to be in beautifully working order. The capacity of the plant is about 50,000 feet per day, and inasmuch as the timber supply is almost unlimited, the company will begin cutting in earnest within the next few days.

A large number of hands will be employed, and altogether the venture is going to prove a big thing commercially for that section. The venture will also prove a good thing for Gainesville, as the merchants here have been and will continue to sell the new firm a large number of supplies.

Mr. Tilghman left in the afternoon for Palatka, where he will spend a few days with his family.

Coulter—Williams.

Wm. R. Coulter of Bronson, chairman of the Democratic executive committee of Levy county and a very prominent young man, arrived in the city Saturday with his bride, Miss Claudia Williams, of St. Augustine, whom he married in the Ancient City on the evening of Friday, December 1st. The bride is a former Alachua county girl and has many friends here who are glad to welcome her and extend congratulations. Mr. and Mrs. Coulter will remain here as guests of relatives for the next two days, when they will proceed to their future home in Bronson.

ELKS ARE DOING A GENEROUS WORK

Paid Three Young Boys Out of Bondage at Fairbanks.

STOLE RIDE ON TRAIN

Reverend Member of Gainesville Lodge Did Not Feel That They Had Committed Great Wrong, and Money for Their Release Was Soon Secured.

That the Benevolent and Protective Order of Elks is as a rule a generous order there can be no doubt. The order confers a great deal of charity which is never known, but in the Christmas time the lodges are naturally more open in their work. As an example, Gainesville Lodge No. 990, which is the youngest lodge in Florida, appointed a special committee a few days ago to look after the deserving poor of the city, with the result that those few of this class here will fare sumptuously today and tomorrow.

Another charitable work which has just been accomplished by Gainesville lodge, and which was recommended by a prominent minister of the city and a member of the lodge, was the paying of the fines of the three young boys who were recently "sent up" upon a charge of stealing a ride on a railroad train of the Seaboard Air Line. These boys, the ages of whom range from twelve to fourteen, are creatures of misfortune, but their association with hardened criminals was not destined to prove of benefit, and the sympathy of Gainesville lodge was appealed to. It only required a few moments to raise sufficient money to give the boys as a Christmas present the amount of their fines, and tomorrow morning they will emerge from the prison free and independent.

In speaking of the poor of Gainesville, Rev. S. B. Rogers, pastor of the First Baptist Church, who is regarded as the most charitable man in the city, stated that it was a compliment to Gainesville, with a population of more than 6,000, that only twelve families in absolute need could be found here. It shows two conditions: First, that all who desire as a rule can secure employment, and second, that our people are not burdened with this class.

WITH BIG KNIFE WENT AFTER MAN

Susanna Walker Proceeded to Make Mince-Meat of Husband.

WANTED MONEY FOR XMAS

Walker Flourished Five-Dollar Bill in Wife's Face, But Defied Her and Told Her It Was Intended for Another Woman.

There was a hot time in the vicinity of the Walker home, West Gainesville, Saturday, and George Walker, a victim of the circumstances which brought on this warm period, is laying up with several ugly-looking gashes in his arm and back, inflicted at the hands of his wife, Susanna Walker. She used a knife with accuracy and effect, and now the man is sorry that his wife "saw George."

From the best information obtainable, it appears that the Walker woman went to her husband to secure money for the purchase of a few Christmas articles. Walker exhibited a five-dollar bill, but was careful to impress upon the mind of his wife that he proposed to spend the money on another woman. The controversy waxed into a state rather exciting, when the woman claims her husband advanced upon her and knocked her down. Without further ceremony she procured a knife a began a little carving exercise, and before George was aware he had been tolerably well slashed up, receiving several wounds in the arm and back.

The officers were notified, and the parties were placed under arrest. The woman told a straight story to Marshal Pinkoson, but in default of $25 she was taken to jail. She will be arraigned before the municipal court Monday morning.

Walker's condition was critical, and Dr. R. B. Ayer was summoned. He dressed the wounds, and at the last accounts the victim was resting as easily as could be expected for a man who had been so badly lacerated. He is under a bond of $25 for his appearance before the mayor's court as soon as he is able to leave his bed.

AN ENTERPRISING FARM.

The Breeder's Gazette Contained Fine Notice of Spring Park Farm.

The Breeder's Gazette, published at Chicago, recognized organ of the stock breeders of the United States, in its issue of the 19th inst., contained the following complimentary notice relative to the Spring Park Farm:

"The Gazette takes pleasure in calling attention to the Spring Park Farm Co., breeders of Hereford and Jersey cattle, Gainesville, Fla. This firm is very strong financially and has a large body of land on which to carry on its business. The management is in the hands of N. A. Callison, who has proved beyond question his ability in this capacity and the future success of the undertaking seems assured. In building up the Hereford herd the best herds of Texas have been drawn upon for foundation stock and only the best of these herds were acceptable. The two herd bulls are Ridicule, an aged bull of much quality, bred at Shadeland, and the 2-year-old Dallas, a Texas product and the yearling winner at St. Louis last year in the Southern division of that great show. Some of the females in the herd were also winners at the same show. We speak only of this to prove that this herd is founded well and to show the intention of this firm to have the best regardless of price. In the Jerseys Biltmore blood prevails and the same precautions have been taken in the selection as in that of the Herefords. The herd bull is Fancy Golden of Biltmore, one of the best bulls ever sent out from that noted breeding establishment, and the females are in keeping with him, among them being the imported heifer Bau Brummel's Madaline, an unusually sweet one. It is the intention of the firm to make Spring Park famous as a breeding farm."

CRIME CHARGED, HOLDEN SURRENDERS

Desires to Prove Innocence as Accessory to Starke's Murder.

ANOTHER MAN IN GEORGIA

Indications Point to the Fact That Man Who Left Campville Soon After Tragedy is Guilty Party—Officers Are Now Hot After Trail.

Jim Holden, a colored man of Campville who has been employed by the naval stores interests in that section, is behind the bars, charged as accessory in the murder of another negro by the name of Starke, which occurred at a festival in Campville on the night of December 5th, the particulars of which were published at the time.

While there was no definite charge against Holden, it is said that the negro learned suspicion rested against him and he came to the city and gave himself up to Deputy Sheriff Granger, stating that he knew nothing about the affair and wanted to be vindicated by the law. He was consequently placed in prison, as there was nothing else to do left for the officers.

A prominent county official stated Saturday that the authorities were after another man, whom they charge as principal. This man, who is also a negro, left for Georgia a short time after the murder was committed and his whereabouts are not at present known.

The story of the killing of Starke is yet fresh in the minds of the public. At a negro festival in Campville he was shot through a window, death resulting almost instantly. The murderer made his escape and no suspicion was held against any person for several days. Certain facts, however, tended to show that the man who escaped to Georgia was guilty of firing the shot that ended the unfortunate man's life. It may be that he will be captured in a few days, as the officers are on his trail.

A Merry Christmas to all readers of The Sun.

The prospects for the growth of Gainesville never were brighter.

The Punta Gorda Herald says: "Those big sweet potatoes which the newspapers are bragging about are great nuisances to cooks. Those of medium size are much more acceptable in the kitchen."

All of us steal the State items from The Gainesville Sun, because they are so well written, and it saves work.—Punta Gorda Herald.

Thanks, Brother Jordan. The honest confession is ample reward, and if no one does any more of that kind of work than The Herald, there will be no reason for any one to find fault.

Congressman Clark is certain of the endorsement of the temperance people of his district. He will also have the law-abiding people on his side, and it is plain to see that he is in earnest in his efforts to do all he can in his power to enforce law and have his district a credit to the whole United States.

A "bad man" went into the office of a Cincinnati lawyer a day or two ago, presented a ten-inch "gun" at the head of the lawyer and ordered him to write out a check for $50, and do it quickly or he would blow the top of his head off. The lawyer didn't write the check. Instead he grabbed the "gun," wrenched it out of the hand of the "bad man," threw it into a waste paper basket and kicked the "bad man" downstairs. Instances like that are calculated to discourage amateur desperadoes.

Advices from the Orient to San Francisco by the steamer Korea indicate that there has been no abatement of the Chinese boycott on American goods. Representatives of some of the firms most directly interested recently met officers of various guilds at Canton and were informed that the boycott would continue until satisfactory assurances were received that American restrictions regarding the landing of Chinese merchants and students would be removed. The goods most affected are oils, tobacco, sewing machines and flour.

"Who ever saw a perfect man?" asked an Atchison revivalist. "There is no such thing. Every man has his faults—plenty of them." Of course no one had ever seen a perfect man and consequently the statement of the revivalist was received with silence. Then the revivalist continued: "Who ever saw a perfect woman?" At this juncture a tall, thin woman arose. "Do you mean to say, madam," the evangelist asked, "that you have seen a perfect woman?" "Well, I can't just say that I have seen her," the woman replied, "but I have heard a powerful lot about her—my husband's first wife."—Kansas City Journal.

MERRY CHRISTMAS.

The Merry Christmas time does not come with the full force of its meaning to all the people of our land. Many people buy the rarest gifts for friends, knowing full well that they will receive in return as much or more as they have sent out, which makes the day simply an exchange of courtesies.

While such occasions are enjoyed by those who are fortunate and able to do so, it is not the true giving that expects as much in return as was bestowed.

The gift of necessities to those who are in actual need is a worthy Christmas remembrance, and the bestowal of comforts on the needy and worthy is its own reward and brings a blessing to the donors. The Benevolent Protective Order of Elks of this city has set the example worthy of emulation by all good people, and in giving the necessaries for a Christmas dinner to all the worthy poor of the city, has established a custom that will cause many a one to rise up and call the order blessed. Such giving is in keeping with the true spirit of the season.

A gift to the deserving and needy is another treasure in the heavenly realm, to be recorded among the noble deeds.

COMMENT BY STATE PRESS.

The Supreme Court of the State of Florida has declared the Buckman educational law to be constitutional in a lengthy opinion handed down by Justice Shackleford. Justice Taylor, whose home is in Gainesville, refused to take part in the decision because of local interest. The action of the court will come as a relief to the great majority of the people of Florida, to whom the location of the State University is of secondary importance. What the people want is some settled educational policy that will be commensurate with its cost, and it does seem as if the Buckman measure would do just that. —Palatka News.

The Supreme Court of the State, which has had the Buckman bill under consideration for a month past, has rendered a decision sustaining every feature of the law and settling, we hope, for all time a matter that has been a source of annoyance and great expense to the tax-payers of Florida. —Manatee River Journal.

The ruling of the Supreme Court in regard to the disputed educational bill seems to meet with pretty general satisfaction throughout the State, no matter what the opinion was before the opinion was arrived at. Those best informed on the subject express the opinion that nothing can be so injurious to educational interests as uncertainty and one and all now unite in the opinion that all should acquiesce and lend their influence to build up the new order of things and give Florida the best school system it is possible to attain. Surely as it now stands there is much desired.—St. Augustine Record.

The beet sugar interests have made plans to create a split in the House of Representatives which will make it difficult to pass a Philippine tariff bill. In the Senate it is becoming more apparent than ever that the bill will have a very difficult time.

Once in a while they remember the newspaper men with the bouquets, and Editor Thompson of The Dunnellon Advocate has been fortunate enough to be elected clerk and assessor of his home town.

The Sumter County Times came out with a Christmas number that is a credit to the people of Sumterville and Editor Koonce and his force of printers.

It looks as though the people of South Florida desired Congressman Sparkman to succeed himself. The people are the ones who should prevail.

OUR NAVY.

Secretary of the Treasury Shaw in a recent address stated these astonishing facts:

"We spent in the last fiscal year $1.42 per capita on the navy. But we have something to show for it. The other day they set up a target twenty-one feet long and seventeen feet wide. There it stands. Over here a mile distant is a battleship. It is moving ten knots an hour, rocking slightly over the waves and rolling slightly from the recoil of the gun. Three motions. They reach down into the hold of the vessel and take a cartridge weighing three-quarters of a ton, swing it up and fire it; and from this moving vessel out of ten shots they put nine thirteen-inch holes through that target one mile away in five minutes by the watch. It used to take five minutes for each shot. And then they put ten smaller holes through the same target in two minutes by the watch. It is worth $1.42 to tell that.

"There is not a battleship made by the hand of man that can live five minutes within a mile of that kind of marksmanship. I am willing that the world shall know that we are spending some money on a navy and have a navy to show for the money spent. So long as the world knows we have such a navy we will never have use of a navy."

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

YANKEE SHELL EXPLODED.

After Being Imbedded in Tree for Forty-One Years.

Nashville, Tenn., Dec. 23.—A tree was recently cut on the McGovick farm near Franklin, Tenn., and yesterday a stick of wood from the tree was placed in the fire in a tenant house on the farm. Within a few minutes a tremendous explosion took place and fragments was scattered all over the room, a negro child being painfully hurt.

On examination a shell that had failed to explode when sent into the confederate ranks forty-one years ago was discovered. It had buried itself in the tree and the bark of the tree had concealed the shell, which was blown to fragments when the explosion occurred.

The shell was on the north side of the tree from the federal breastworks. The fuse that was expected to cause the explosion at the desired time was probably rendered useless when the spark came in contact with the tree.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

Deported as Stowaway.

New York, Dec. 23.—Henry Harper, of Galveston, Tex., who claims that he was worth $30,000 before the Galveston flood, which he says wiped out his fortune, has been deported on the steamer Colorado. Huiper says he became a naturalized American citizen in 1885 and that he had a hard time in Galveston. After losing his money he returned to his home in Antwerp, Belgium, but failed to prosper there and wishing to return to the United States, he hid on the St. Andrews a steamer which arrived here last week. He was caught and lacking proper identification papers, was deported as a stowaway.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

To Improve Facilities.

Cincinnati, O., Dec. 23.—Presidents and traffic officials of railroads in Ohio, Pennsylvania, West Virginia and Kentucky, engaged in the transportation of coal to the Cincinnati market have inaugurated plans to improve coal handling facilities at Cincinnati. The action is taken to give the consumers of coal increased facilities and prompt deliveries. Coal rates for next year were not considered.

OFFER REWARD FOR WHITE MAN

Roscoe Bennett Wanted an Charge of Assaulting Negro Girl.

Atlanta, Dec. 23—Governor Terrell has offered a reward of $150 for the arrest with proof to convict of Roscoe Bennett, a white man and a carpenter, who is said to be wanted on the charge of criminal assault on a 5 year-old negro girl.

The crime for which Bennett is wanted was committed on Nov. 9, last, the day on which Jim Walker, the assailant of Mrs. G. W. Moore, was landed in the Tower.

The negroes in the section of the city where the crime was committed chased a couple of white men suspected of the crime and came near doing them personal violence before they were landed in the station house. The men arrested turned out to be innocent parties who knew nothing of the matter. Governor Terrell offered this reward at the request of Solicitor General Charley Hill, indorsed by Sheriff Nelms.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contrated severe colds which speedily developed into the worst kind of la grippe with all it miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

Died Under Peculiar Circumstances.

Chicago, Dec. 23.—A dispatch to the Tribune from Indianapolis, Ind., says that Mrs. Lowell Brown, a young married woman, died at the city hospital yesterday under peculiar circumstances. Wednesday when Mrs. Brown did not appear, the door to her room was forced open and she was found lying on the floor unconscious. Her face, neck and hands were as black as coal. It is believed she way dyeing her hair when stricken, and in some manner dyed her face, hands and neck. She died without regaining consciousness and no explanation can be secured.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." OUR WEEKLY NEW YORK LETTER

Things Dainty For Dainty Women. Handmade French Embroidered Lingerie—Forgetmenot Hose Supporters. Violet Strewn Garters and Blossoming Silk Stockings.

By RENE DEVERAUX.

Truly there is nothing so bewildering, distracting, maddening, as New York shopping during the last few days before Christmas. In the large shops and on the avenue the crowds are little short of frenzied mobs, good natured, to be sure, though one can scarcely fancy any one really enjoying the crush and excitement.

The New York woman who pushes her way as she makes her purchases thinks longingly of the sister down south, perhaps, whose list she is filling, or of the cousin or aunt in a nearby town, who orders by mail, to have just what she wants arrive in the nick of time neatly packed and delivered at her door, without the fatigue of a tedious selection.

That shopping crowds are admirably taken care of in the well ordered department stores here cannot be denied, however, and the systematic arrangement of the various departments in which things closely allied are displayed, each price-marked, undoubtedly simplifies the shoppers' perplexities extraordinarily.

To leave the general holiday crush for a moment to peep into the boxes of exquisitely made lingerie is a pleasure that dainty femininity cannot resist, and at Christmas times, as at others, there are always a number of exclusive

LATEST DESIGN IN THREE PIECE SET OF HAND EMBROIDERED UNDERWEAR.

women whose outward bearing is suggestive of an underlying exquisiteness hovering over these counters.

Certainly fashions in lingerie cannot be caught en passant, and there is no better way of picking up pretty ideas than by studying the handiwork of the French embroiderers and clever needlewomen to be found in the large stores where such things are handled.

Seen in one shop were sets of three pieces in boxes, delightfully pretty holiday gifts, made of the softest French nainsook, each piece delicately hand embroidered in the daintiest patterns imaginable, with just enough embroidery upon them, and no more. A very lovely set was embroidered in a star j[illegible]ine pattern, gracefully designed around the low round neck of the nightdress and chemise, both of which were finished with the tiniest hand embroidered scallops with embroidered dot in the center. About an inch below the scallops were embroidered eyelets in pairs quite far apart, through which blue wash ribbon was run and tied in a smart bow in front. The bottoms of the full pantalettes were finished with a deep hand scalloped ruffle, in the center of which was embroidered a spray of the jasmine design. Not a machine stitch was on one of these garments, even the hem of the nightdress being done by hand. That three pieces of underwear so finely handmade can be bought for $8.75 makes one buy them, but in doing so marvel at the cheapness of labor and pity the woman who toils at such work.

A dainty pair of hose supporters was made of pink satin ribbon, fulled over the elastic, the upper portion being plain and forming a sachet, finished at top and bottom with pink ribbon rosette bows. Over the ribbon were scattered tiny hand painted violets, and the sachet used was of violet and orris. This pair was $1.75.

An equally pretty pair, costing about half, was made of Dresden ribbon, finished with bows, and upon a white pair were tiny hand painted forgetmenots.

Flower scattered silk hose are tremendously popular for evening and house wear, one of the newest designs being a single half blown rose embroidered over the instep of black silk of finest quality.

Worn with black suede or patent leather house shoes or slippers these embroidered effects are particularly charming with pretty house or evening gowns and are a welcome change from the same old black.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

ADMIRAL DEWEY IS AGAINST ALL HAZING

Hazers Should Be Dismissed And Excluded Forever.

NOT OPPOSED TO FAIR FIGHTING

Does Not Want Men in Navy Who Hesitate to Resent Insult—Does Not Want Prize Fighters—Unmanly for Several Boys to Attack One.

Chicago, Dec. 22.—A dispatch to the Tribune from Washington says:

Admiral Dewey has made an emphatic stand against the hazing practice which prevails at the naval academy at Annapolis.

"It is a disgraceful condition of affairs," he said yesterday. "It calls for prompt and vigorous remedial measures. The secretary of the navy should be empowered to dismiss instantly any boy caught in the act of hazing and the culprit should be deprived of all hope of getting back. He should be dismissed and excluded forever."

The navy academy is the cradle of the navy, and there in the opinion of the admiral should begin the inculcation of the principle of obedience to law and regulation which are essential to the maintainance of an efficient service.

"Of course, boys are the same all over the world; they will be boys," said Admiral Dewey. "I am not opposed to fair fighting when circumstances are such that it is the proper thing to resort to. We do not want in our navy men who hesitate to resent an insult. But we do not want prize fights and it is unfair and unmanly for several boys to attack one. I feel sure if the secretary of the navy had authority to dismiss the boy instantly and the boy would never have a chance of getting back, there would be no more hazing."

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

Will Raid Sunday Clubs.

St. Louis, Dec. 23.—President Stewart, of the board of police, has received a letter from Governor Folk instructing that the police raid so-called "clubs" organized for the evasion of the Sunday liquor law, and the avoidance of dram shop license payment In accordance with the instructions the chief of police announced this afternoon that all so-called "clubs" will be raided next Sunday and these raids will continue daily thereafter until the alleged violations of the dram shop law cease.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

Famine Conditions Deplorable.

Tokio, Dec. 22—11:30 a. m.—An eye-witness of the extent of the famine in northeast provinces who has just arrived reports the condition of the people to be really deplorable The advent of winter found thousands on the verge of starvation and speed relief alone will save them. Measures of relief will be vigorously taken up here and assistance from sympathizers abroad will be welcome.

DOGS HALTED WHITE WOMAN.

Miss Beghonni May Be Arrested, Charged with Incendiarism.

Decatur, Ala., Dec. 22.—A chase with bloodhounds in an attempt to run down the person who was supposed to have set fire to and burned the residence of J. D. Phillips, 8 miles south of Hillsboro, resulted in the hounds halting and baying before Miss Beghonni, as she was calling and feeding hogs in a field near the scene of the house burned. T. G. Boggs, to whom the dogs belong, and who handled them in the chase, said Miss Beghonni's arrest would follow, but at yet she has not been arrested.

This is the second incendiary fire in the vicinity within the past two months.

Cured Paralysis.

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. DRUNKEN COSSACKS BURN AND MURDER

Mutiny And Rioting In Manchurian Army Extending.

MANY PEOPLE ARE KILLED DAILY

Cossacks Attacked Barracks Wherein 900 Mutineers Were Confined and Set Fire to Building, Roasting Men to Death—120 Residents Massacred.

New York, Dec. 22.—A cable dispatch to the American from Vladivostok says:

The mutiny and rioting in the Manchurian army are extending, and the most terrible scenes are witnessed daily.

A detachment of Cossacks has attacked the barracks at Tomsk, wherein nine hundred mutineers were confined, and then set fire to the building.

It is reported that all the imprisoned men were roasted to death.

Rioting on the streets here is continued. In one street drunken Cossacks set fire to a block of houses and massacred 120 of the residents as they attempted to escape.

Great numbers of people are killed daily on the streets.

POSTMASTER MILNER DIES.

Succumbs to Heart Failure at Home In Newnan.

Newnan, Ga., Dec. 22.—Robert F. Milner, postmaster at Newnan, died suddenly Wednesday morning from heart trouble. He had held the office under every Republican administration from 1873 up to the present.

A few weeks ago President Roosevelt appointed Mrs. W. Y. Atkinson to suceed him upon the expiration of his term on Jan. 28. The appointment occasioned much surprise, as his administration had been exceptionally efficient and altogetner satisfactory to the community which he had served so long and faithfully, and no one doubted but that he would be his own successor. It is understood that he might nave had the assistant postmastership under Mrs. Atkinson by applying for it, but he would not do so.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

Fund for Teachers Increased.

New York, Dec. 22.—It was anounced from Boston yesterday, says the Herald, that the Carnegie foundation, a sum of $10,000,000 given by Andrew Carnegie to provide relief for needy teachers and professors in universities, colleges and technical schools is to be forthwith increased by the addition of $5,000,000. At the same time the restrictions which prohibited aid from being extended to members of the faculties of sectarian and state aided institutions are to be removed, the statement declares.

Five Injured in Tunnel.

New York, Dec. 22.—Deep under the East River today a panic occurred in the Pennsylvania railroad tunnel in which five workmen were injured, three of them seriously. Some scaffolding near the roof of the tunnel at a point about 100 feet out from the shore suddenly collapsed without any apparent reason. Five men were buried under the scaffolding, two of them injured internally and another with a fractured skull.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st. 1901." DEVIL IN HIM, GLISSON SAYS.

That Is the Cause He Ascribes for the Killing of His Father.

Waynesboro, Ga., Dec. 22.—George Glisson, the young man who shot and killed his father, W. C. Glisson, at Hillis, Dec. 12, was given a preliminary hearing at Girard Wednesday.

Glisson said he came home to see his father, who talked plainly to him about his marriage. The woman he married lived in Screven county. It was this that caused his father to speak so plainly. Glisson cursed his father and was ordered out of the house. He left, but came back in a few minutes with a shotgun and breaking the front door down, shot his father, killing him almost instantly.

A younger brother, John, shot at George five times with a pistol, hitting twice in the arm and once in the back. George was trying to shoot John when he was shot in the arm, preventing him from cocking the shotgun. George had no excuse to offer, except that he "had the devil in him."

It is rumored in the section where his father lived that his son intended killing the whole family and that a woman put him up to it. Another man was with him and was freed from the charge as an accomplice.

George is being attended by the county physician, and is in jail here.

DEATH IN WIRE THEY HANDLED

Two Savannah Men Are Killed by Full Voltage of Electricity.

Savannah, Ga., Dec. 22.—During the electric storm early Wednesday evening J. T. Vincent, manager of the Schwartzchild & Sulzberger Beef company's plant here, and Frank H. Bourquin, shipping clerk, were killed by electricity.

The two men were about to inspect a car of meat there was an incandescent light on the platform which they were accustomed to use for this purpose. This had a long connecting wire admitting of its being carried into the car and thus being used in lieu of a lantern. Mr. Vincent reached for the light. The insulation was imperfect, and he received the full voltage, falling to the floor, without a word. Mr. Bourquin sprang to Mr. Vincent's assistance, with the result that he, too, received the full force of the current. He fell upon Mr. Vincent, and when aid reached them both were dead.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harperseville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1 00, guaranteed. Trial bottles free.

Engine Strikes Street Car.

Birmingham, Ala, Dec. 22—A Frisco engine ran into a Fountain Heights electric car at the Thirteenth street and Fifth avenue crossing. Five passengers were more or less severely injured, J. I. Brown, conductor of the electric car, in attempting to jump, having his back and two ribs broken. The cause of the accident has not been determined, both crews claiming the usual precautions had been maintained.

An Emergency Medicine.

For sprains, bruises, burns, scalds and similar injuries there is nothing so good as Chamberlain's Pain Balm. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. Sold by all druggists.

MEIGS POWELL IS CONVICTED.

Sentenced to Penitentiary for Killing Brother.

Americus, Ga., Dec. 22—Meiggs Powell, the young farmer on trial for the killing of his brother, Thomas Powell, here one week ago, was convicted of voluntary manslaughter and sentenced to twenty years in the penitentiary.

The killing of Thomas Powell and the attendant circumstances is regarded by many as one of the darkest crimes committed here in recent years.

Another brother of the fratricide, Newton Powell, was likewise convicted this afternoon of assault with intent to murder and sentenced to a term of one year in the chaingang or a fine of $400.

Eight murder cases have been tried this term of court, convictions resulting in all, and as the result, Sumter county will have two hangings in January, while life imprisonment and long terms in the penitentiary await other defendants.

HUMMEL GIVEN ONE YEAR.

Will Also Have to Pay Fine of Five Hundred Dollars.

New York, Dec. 22.—Abraham H. Hummell, the lawyer, was convicted of conspiracy in connection with the Dodge-Morse divorce case.

He was sentenced within a few minutes after the jury's verdict had been pronounced to one year's imprisonment and a fine of $500 which is the maximum penalty for the misdemeanor of which he was adjudged guilty.

A motion of his lawyers for an arrest of judgment for 24 hours was denied, and Hummell was taken to the Tombs preparatory to going to the penitentiary. He prepared to spend the night at the Tombs, but later was released on bail following the issuance of a writ of reasonable doubt by Justice Woodward, of the supreme court.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

Look Out for the Dewey.

Washington, Dec. 23—A warnig has been sent out by the hydrographic office to the entire shipping of the world requesting ship captains to lookout for the floating dry dock Dewey so that ships might not pass between the dock and the vessels which are towing her to the Philippines. Strung out in tandem formation the dock and the four accompanying ships will extend considerably over a mile.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they could only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. Prompt relief and quick cure for liver and stomach trouble. 25c at all drug stores; guaranteed.

Parsons to Control Convention.

New York, Dec. 23.—During a contest which continued from 9 o'clock last night until nearly 4 o'clock this morning, marked at times by bitter recriminations, but concluding with mutual pledges of support, the control of the New York County Republican convention was wrenched from the adherents of former Governor Benjamin Odell by the faction headed by Robert Parsons.

Chinese-Japanese Treaty Signed.

Pekin, Dec. 23—The Chino-Japanese treaty was signed today by Baron Komura and M Uchida in behalf of Japan and Prince Ching and Viceroy Yuan Chi Kai in behalf of China. The Chinese commissioners say that treaty related solely to Manchurian affairs, and that the reports of a Chino-Japanese alliance are false.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.
